- Configure email reminders about items coming due
- Maintain a complete, searchable record of the items for each crew member, including attached documents
- Verify your crew's certifications are up-to-date when you log them onto an asset
- Prove compliance at any time from shore or on your assets

"[We chose Helm CONNECT because] we were unhappy with our current system and Helm seemed more streamlined and user friendly for both vessel crew and office staff. Additionally it seemed the Helm crew was very helpful and updates were plentiful (as well as room to grow alongside our company). Our crew is more eager to learn and use it - the storage of information is much cleaner and more accessible than before."
