Helm CONNECT: Personnel

Meet Payroll

Use your crew schedules and crew changes to forecast and generate payroll.

> Manage all your pay rates and pay classes in a central system

> Use our powerful payroll engine to trigger pay rates according to your company's rules, including regular, overtime and holiday pay

> Forecast payroll based on your approved schedules

> Automatically generate payroll once crew schedules are approved

> View total days and dollars paid for your entire crew

"

"We switched over to Helm because it is the most user friendly vessel operations software program I have come across and I think we have demoed or used in combination all of them. We also chose Helm because they seem to have the best support."

– John Stewart
Vice President,
Magnolia Fleet
